Neoskin Custom Drysuits

Please do not attempt to measure yourself. Wear close fitting clothing, stand upright and relaxed. Measure firmly, but not too tightly and to the nearest 2mm. All measurements are checked and if we think there may be a mistake, we will contact you and ask you to re-measure the measurement in question. We cannot unfortunately except responsibility for any errors in measurements submitted to us, but should adjustments be required we reserve the right to charge for alterations.
